

Epson Photo/Fine Art Media

Paper	Description General	Finish	Weight	Available Sizes
Matte Paper – Heavyweight	Heavyweight, bright white ultra-smooth finish, for non-glare photographs, craft projects and signage	Matte	167 g/m²	A4, A3, A3+
Premium Glossy Photo Paper	Resin coated paper with high gloss finish for professional quality enlargements, fast drying, supports both dye and pigment inks	Glossy	255 g/m²	10 x 15 cm (4x6"), 13 x 18cm (5x7"), A4, A3, A3+, 10cm x 10m, 329mm x 10m
Premium Semigloss Photo Paper	Resin coated paper with semi gloss finish for professional quality enlargements, fast drying, supports both dye and pigment inks	Semi gloss	251 g/m²	10 x 15 cm (4x6"), A4, A3, A3+, 10cm x 10m, 21cm x 10m, 329mm x 10m
Archival Matte Paper	Bright white, ultra-smooth matte finish for diverse high quality applications	Matte	192 g/m²	A4, A3, A3+
Watercolor Paper – Radiant White	Affordable, heavyweight paper with a coated matte surface with the look and feel of water colour paper	Matte	190 g/m²	A3+, LFP roll media
Velvet Fine Art Paper	100% acid free cotton rag fine art paper base, with velvet finish, exceptional colour gamut and high DMax for true fine art printing	Matte	260 g/m²	A3+
UltraSmooth Fine Art Paper 325 (USFAP) A3+ 25 sheets	Acid free,100% cotton hot press paper with ultrasmooth surface and rich details for true fine art printing	Matte	325 g/m²	A3+, LFP roll media
Premium Luster Photo Paper	Resin coated paper with luster finish for professional quality enlargements, fast drying, supports both dye and pigment inks	Luster	235 g/m²	A4, A3+
Double Sided Matte Paper	Double sided, matte paper for diverse applications	Matte, double sided	178 g/m²	A4
Enhanced Matte Photo Paper	Bright white, ultra-smooth matte finish for professional enlargement, same media as Archival Matte Paper, but without back print i.e. to be used for album production	Matte	192 g/m²	A4, A3+

Epson Scanner Specifications

Model	Epson Expression 10000XL		
Scanner Type	Flatbed A3 colour image scanner		
Optical Resolution	Main: 2,400dpi (optical resolution by 6 line CCD with 87,840 pixels) Sub: 4,800dpi with Micro Step		
Optical Density	3.8 DMax		
Document Size	FB: 12.2 x 17.2 inches (310 x 437mm), ADF: 11.7 x 17.0 inches (297 x 432mm) TPU: 12.2 x 16.5 inches (309 x 420mm)		
Interface	USB 2.0 Hi-Speed IEEE1394 (FireWire) Expansion I/F Slot IEEE 1394 (6 pin connector x 1)		
Light Source	Xenon gas fluorescent lamp		
Scanning Speed*			
Reflective Scanning	2,400dpi	1,200dpi	
Monochrome	5.3 msec/line	2.7 msec/line	
24 bit colour	16.0 msec/line	8.0 msec/line	
Film Scanning			
35mm Negative Film	16.0 msec/line		
35mm Positive Film	16.0 msec/line		
Operating System Compatibility	Microsoft® Windows® and Mac OS®		
Options	Auto Document Feeder B12B813213 / Network Image Express Card B12B808392/ A3 Transparency Unit B12B813363		

Remark: Epson Scan and SilverFast driver can run on Windows XP Professional x64 Edition.
Some of the bundled application software may not be supported in Windows XP Professional x64 Edition.
*Scanning speed note: Scanning speed test results vary according to system configuration, dpi setting, and scan mode settings.

EXCEED YOUR VISION

Epson Professional Graphics
Range

Epson Professional Graphics

Range

Precision solutions for
a professional finish

Take quality, accuracy and reliability to a new level with the Epson professional graphics range. When you need the finest, most dependable results, Epson delivers every time.

Create a whole new world of colour and consistency with Epson hardware, media and inks. Whatever the format and finish, you'll be impressed with the results, and so will your customers.

The Micro Piezo™ print head used in the Epson Stylus Pro printers incorporates Variable-sized Droplet Technology to produce different size ink droplets as small as 3.5 picolitres (depending on the image and type of media used). This not only improves the evenness of the ink relative to the surface of the print, but also reduces ink consumption.

Epson Stylus Pro printers are therefore capable of true 2880 dpi resolution, resulting in razor-sharp images that display superb detail.

Perfect results across the page

- Print up to 44" wide – easily, consistently and economically
- Produce superb, durable results with Epson UltraChrome™ K3 inks
- Choose the perfect media, from proofing paper to poster board
- Add versatility and enhance creativity with inclusive software
- Access features designed specifically for the graphics market
- Transform the way you work, but keep costs amazingly low

Superb grey balance and tonal gradation on mono and colour

Control greyscale gradations and neutral tones with 3 black inks

The secret's in the three black inks
Join the graphics printing revolution with the Epson UltraChrome™ three black ink system. You can take quality to even higher levels with the 8-colour ink set that includes interchangeable Photo and Matte black cartridges.

Compare results with printers that only use one black and it's easy to see the difference. It's easy to make a bigger impact every time you print.

Superb results in mono, colour and even sepia

Stable, durable images with a wide colour gamut (2.3 DMax)

Rapid image stability, with impressive durability and longevity

Prints look fantastic in any lighting conditions, every time

Print on matte or gloss media up to A0+

Epson UltraChrome K3 inks

Join Epson at the forefront of the digital imaging revolution. The Stylus Pro series of printers leads the way for graphics professionals who require consistent quality to match their creativity.

A bigger advantage with Epson

- Consistent, professional quality in black and white and colour
- See the difference with Epson UltraChrome K3 8-colour inks
- Printers handle up to A0+, with manual sheet and roll feeds
- Optimise print quality with Matte or Photo black inks
- Produce superb quality edge-to-edge prints on a wide range of media
- Integrate quickly and easily into your office or network

Epson Stylus Pro 3800

- Make a big impact from your desktop with the smallest A2 printer
- Change between the 3 installed black inks automatically

Rely on breathtaking quality every time with 2880dpi resolution

Produce consistently accurate prints with Epson UltraChrome K3 inks

Images last up to 75 years in colour, over 100 years in mono*

Epson Stylus Pro 9800

- Set new standards in photo and fine art printing and proofing
- Create truly spectacular results up to A0+ (44") size

Reproduce every detail and tone with 3.5pl Epson Ultra MicroDot

Keep control of your prints with the intuitive control panel

Epson Stylus Pro 4800

- Take a big step forward in large format printing up to A2
- The ideal compact, high performance remote proofing solution

Epson Stylus Pro 7800

- Make a big impression with superb prints up to A1 size
- Get connected with USB 2.0, IEEE1394 FireWire and optional networking

*Please refer to www.epson.com for test conditions. Not all products are available in all countries, please check with your local Epson office for details.

Epson UltraChrome inks

Bring a wide range of graphics printing in-house with these fast, effective, professional large format printers. The 4-colour Epson UltraChrome ink set brings superb quality to any studio.

Epson Stylus Pro 9400

High production, large format

- Combine speed and quality with Epson's exclusive print technologies
- Print reliably and consistently with Epson Micro Piezo™ print head
- Add vibrant, natural colour with a wider colour gamut
- Combine low costs with a strong return on investment
- Print superb quality edge-to-edge prints up to A0 (44")
- Work quickly and flexibly with maximum reliability

Epson Stylus Pro 4400

- Ideal for fast, high quality, reliable POS and CAD printing
- Print superb, consistent results on media up to A2 and 1.5mm thick

Epson Stylus Pro 7400

- Print professional results edge-to-edge on media up to 24"
- The ideal solution for POS, CAD, GIS and even mask making

Print photorealistic images with life-like colours and vivid blacks

Enhance ink delivery with pressurised cartridges and dual CMYK configuration

Handle a range of media up to A0 (4") with manual sheet and roll feed

Simplify operation and monitoring with the intuitive control panel

Print images that last a lifetime with Epson UltraChrome K3 inks

Epson Expression 10000XL

Enhance your studio with this exceptional, full A3 graphic arts scanner. Reproduce every detail with 2400pi and an optical density of 3.8 DMax.

Graphics and photo excellence

- Reproduce every detail and colour with the new Matrix CCD
- Scan instantly – high brightness Xenon lamp has zero standby time
- Integrate quickly and easily with USB 2.0 and IEEE1394 FireWire
- Ensure maximum precision with advanced auto-focus system
- Expand flexibility with optional networking and Auto Document Feeder
- Scan film up to 5" x 4" with the optional Transparency Unit

It's easy to get the most from your photos with Epson professional software. Print the very best using simple tools that combine quality, consistency and flexibility.

Perfection from start to finish

Turn your vision into reality. Manage your printing from start to finish and produce exactly what you need, thanks to high quality and consistency at every stage of the creative process.

Creativity with consistency

- Enhance your work process and final output with Epson
- Create a PostScript printer with Epson Stylus RIP Professional v 3.0
- Enlarge and copy with Epson CopyFactory
- Present your work more creatively with Epson AlbumMaker
- Ensure consistent colour quality with Epson ColorBase
- Produce multi-image layouts with Epson PageProofer EX

Control colour calibration, and save a history of data

Maintain quality across a range of images on a single page

Enhance flexibility with a range of page layouts and presentation options
